

# COVID-19 Control Framework – Level 2

Controls during COVID-19 Alert Levels 2

## Principles

### Stay home if unwell

If you are sick or have symptoms, stay home

### Work from home if you can

Get approval from your line manager before returning to the office or depot.

### Contact Tracing

NZ Government COVID-19 Tracer app provides efficient response to Ministry requests.

### Travel Restrictions

Inter-regional travel restricted; and mandatory weekly testing for essential staff crossing Auckland border.

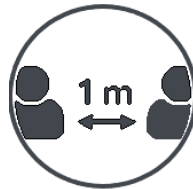

### Support our staff to get vaccinated

We support our staff and their families to get vaccinated.

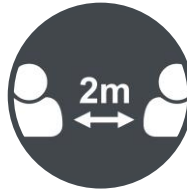

## Controls for Field & Office Staff

Wash hands or use sanitiser regularly

Keep a minimum 1 metre distance from other workers (incl. NP subcontractors) where reasonably practicable.

Keep a minimum 2 metre distance from everyone else

Use a face covering for customer interactions, inside public venues and where social distancing not reasonably practicable.

Use COVID Tracer App to record entry at depots, work sites, customer premises and businesses.

Use only the desk that is assigned to you when working from the office

Refer to page 10 of the 'Northpower COVID-19 Control Framework - Visiting Customer Homes' for entering customer homes or premises.
